Do you feel trapped in a tomb of regret, doubt, or fear? Are you tripped up by patterns and behaviors you need to leave behind? Just as Jesus called Lazarus from darkness, He is calling you to come out of the false beliefs and habits that keep you from receiving His unconditional love. He is calling you to know deep in your spirit that God not only loves the world--He loves you. It's time to "come forth!" This eight-session study guide is designed for use with Joanna Weaver's book Lazarus Awakening and the separately available DVD curriculum set, filmed on location in the Holy Land. Join Joanna as she draws you deeper into the historical and spiritual truths we learn from the story of Lazarus: a friend called out from death into the life-giving arms of Jesus. · Designed for both individuals and groups. · Also available: companion DVDs, filmed in the Holy Land and featuring eight 15- to 18-minute sessions.

An angel has come for eight-year-old Alejandro Rodriguez, but he is the only one who can see her. For Michael Christopher, a former monk now working in the St. Luke's Mission hospice, the angel is not really the point. All Mike knows is that he is not going to make it to his step-daughter's gymnastic meet tonight, because this is almost certainly Alejandro's night to die, and it is his job to help the boy do that as mercifully as possible. The rest is in the hands of God. But God, it seems, has something else in mind. In the third book of the series including the bestselling The Monk Downstairs and The Monk Upstairs, The Lazarus Kid is a story of the depths of faith and love, of parents and children and marriage and grief, and of life, and death, and life--mysteriously and miraculously-- again.

Passion and Reason describes how readers can interpret what lies behind their own emotions and those of their families, friends, and co-workers, and provides useful ideas about how to manage our emotions more effectively.

Everyman's Guide to the Mysteries of Agatha Christie is a reference book covering Christie's 238 stories. It provides data never before published about both important and trivial facts. Dedications, time periods, and locations have been laboriously researched, and provided with "time warp" explanations. Even trivial data such as newspapers (100 in all), pubs (95) and automobiles (136) are shown as well as each story in which they are listed. English sayings totalling 259 are shown with the book(s) in which they appear, including a brief explanation of their meaning. Yet Guide is much more than a list of facts. It is an informative reference book about Christie's writings. As well, different perspectives on many of the perplexing mysteries within her mysteries are provided. Finally, Guide is not an alphabetical list of stories or characters. Instead, it lists many entrancing "errors" of sketches and text with comments explaining where possible the reasons for their existence. Most importantly, "Guide" does not betray any book's endings nor the identity of the villain, a rule that genuine Christie devotees always try to uphold.
