The United Nations Disarmament Yearbook, volume 42 (Part II): 2017, with a foreword by the High Representative for Disarmament Affairs, summarizes developments and trends in 2017 on key issues of multilateral consideration at the international and regional levels; reviews the activity of the General Assembly, the Conference on Disarmament and the Disarmament Commission; and contains a handy timeline of highlights of multilateral disarmament in 2017.

Find out what's going on any day of the year, anywhere across the globe! The world's datebook, Chase's is the definitive day-by-day resource of what America and the wider world are celebrating and commemorating. Founded in 1957 on a reputation for accuracy and comprehensiveness, this annual publication has become the must-have reference used by experts and professionals for more than fifty years. From celebrity birthdays to historical anniversaries, from astronomical phenomena to national awareness days, from award ceremonies and sporting events to religious festivals and carnivals, Chase's is the one-stop shop for everything that is happening now or is worth remembering from the past. The 2017 Edition of Chase's Calendar of Events brings you information about: The 500th anniversary of Martin Luther's Ninety-Five Theses The 150th anniversary of the Dominion of Canada The 100th anniversary of the Russian Revolution The 100th anniversary of splitting the atom The 50th anniversary of the Summer of Love Frank Lloyd Wright's 150th birth anniversary and much more!

Why do people close to Roscoe Conklin keep showing up dead—and on the paradise island of Bonaire? After 25 years on the job, Detective Roscoe Conklin trades his badge for a pair of shorts and sandals and moves to Bonaire, a small island nestled in the southern Caribbean. But the warm water, palm trees, and sunsets are derailed when his long-time police-buddy and friend back home, is murdered. Conklin dusts off a few markers and calls his old department, trolling for information. It's slow going. No surprise, there. After all, it's an active investigation, and his compadres back home aren't saying a damn thing. He's 2,000 miles away, living in paradise. Does he really think he can help? They suggest he go to the beach and catch some rays. For Conklin, it's not that simple. Outside looking in? Not him. Never has been. Never will be. When a suspicious mishap lands his significant other, Arabella, in the hospital, the island police conduct, at best, a sluggish investigation, stonewalling progress. Conklin questions the evidence and challenges the department's methods. Something isn't right. Arabella wasn't the intended target. He was. Perfect for fans of Randy Wayne White's Doc Ford and Robert B. Parker's Spencer Paradise Cove, the next Roscoe Conklin novel, coming April 2022

"You believe in pirates, of course?" Walt Disney once asked on a Disneyland television program. . . . Disney Pirates: The Definitive Collector's Anthology delves behind-the-scenes across ninety years of Disney film, television, and park history. Pirates have captured people's imaginations for centuries, and Walt Disney believed in pirates as a source of great popular entertainment. Walt's very first all live-action feature film was based upon Robert Louis Stevenson's Treasure Island, and even before that, he selected J. M. Barrie's Peter Pan, in which pirates figure so prominently, as a key feature-length animated film for his studio. Years later, Pirates of the Caribbean opened in Disneyland just months after Walt had passed away, making it one of the last Disney theme park attractions in which he was personally involved. That attraction ultimately spawned similar versions at Disney parks around the world, one of the most successful series in motion picture history with the five Pirates of the Caribbean films, and a vast themed land at Shanghai Disneyland called Treasure Cove--celebrating the entirety of the Pirates of the Caribbean franchise.

An encyclopedia designed especially to meet the needs of elementary, junior high, and high school students.

“The Bahamas are famous for sun, sand—and swimming pigs.” —National Geographic In the middle of paradise, with billionaires and celebrities for neighbors, is an island populated only by swimming pigs. For decades, this archipelago of 365 islands would remain largely unknown to the world. It would not be a ruthless pirate, pioneering loyalists, a notorious drug kingpin, or the infamous Fyre Festival that would unveil Exuma to the world, but rather the most unlikely of creatures. Appearing in magazines, videos, newspapers, commercials, TV shows, and countless selfies, the Swimming Pigs of Exuma, in the Bahamas, have become a bucket-list sensation and have been named one of the marvels of the universe. But how did they reach this celebrity status? What made them so famous? And why, in February 2017, did so many of them die? Pigs of Paradise is an unlikely story of humble beginnings and a swift rise to stardom. With interviews from historians, world-renowned ecologists, famous pig owners, and boat captains, it thoughtfully considers what this phenomenon says about not only these animals but also about us.

Provides weather predictions for the entire United States and includes such features as the best days for fishing, recipes from the Wild West, and tips for tightwads.

The Precolumbian ballgame, played on a masonry court, has long intrigued scholars because of the magnificence of its archaeological remains. From its lowland Maya origins it spread throughout the Aztec empire, where the game was so popular that sixteen thousand rubber balls were imported annually into Tenochtitlan. It endured for two thousand years, spreading as far as to what is now southern Arizona. This new collection of essays brings together research from field archaeology, mythology, and Maya hieroglyphic studies to illuminate this important yet puzzling aspect of Native American culture. The authors demonstrate that the game was more than a spectator

sport; serving social, political, mythological, and cosmological functions, it celebrated both fertility and the afterlife, war and peace, and became an evolving institution functioning in part to resolve conflict within and between groups. The contributors provide complete coverage of the archaeological, sociopolitical, iconographic, and ideological aspects of the game, and offer new information on the distribution of ballcourts, new interpretations of mural art, and newly perceived relations of the game with material in the Popol Vuh. With its scholarly attention to a subject that will fascinate even general readers, *The Mesoamerican Ballgame* is a major contribution to the study of the mental life and outlook of New World peoples.

Famous walls; incredibly clear, calm, warm waters; 58 dive sites including Klein Bonaire.

Four women, a long-lost treasure, and more than one thief of hearts share a destiny beyond time. To foil a map thief, librarian Emma Boyd searches for a pirate's long-lost treasure map. She's aided in her search by investigator Randi Marx, who proves to be as frustrating as she is beautiful. The treasure map Emma and Randi seek belonged to Thomasina Farris, a pirate who disappeared from the Caribbean in 1715. Did Captain Tommy steal an entire treasure from a Spanish galleon and escape? Was she convicted of piracy and hanged by her neck? Did she die of a broken heart when she lost the woman she loved? In her race to find the map, Emma learns that pirates not only steal treasure, but they also steal hearts. When Emma discovers Captain Tommy's fate, she must decide her own as well, choosing between romance...or revenge.
