In this volume, Smith views the Fourth Gospel within several contexts in order to illuminate its specific purposes and achievements. A growing consensus of recent scholarship (including Martyn, Raymond E. Brown, Meeks) seeks the roots of this Gospel and its traditions in the conflict between Jesus' followers and opponents within Judaism. In their struggles, Jesus' followers are encouraged and strengthened by his continuing presence in the Spirit, which articulates his meaning for new situations. Although distinctive, Johannine Christianity does not develop in complete isolation from the broader Christian Gospels. Out of a fascinating, if complex, setting develops the strikingly unique statement of Christian faith, practice, and doctrine found in the Gospel of John. The purpose of this commentary is to enable the reader to comprehend that statement in historical perspective in order to appreciate its meaning and significance.

Being physically fit allows you to properly support the Air Force mission. The goal of the Fitness Program (FP) is to motivate all members to participate in a year-round physical conditioning program that emphasizes total fitness, to include proper aerobic conditioning, strength/flexibility training, and healthy eating. Health benefits from an active lifestyle will increase productivity, optimize health, and decrease absenteeism while maintaining a higher level of readiness. Commanders and supervisors must incorporate fitness into the AF culture establishing an environment for members to maintain physical fitness and health to meet expeditionary mission requirements. The Fitness Assessment (FA) provides commanders with a tool to assist in the determination of overall fitness of their military personnel. Commander- driven physical fitness training is the backbone of the AF physical fitness program and an integral part of mission requirements. The program promotes aerobic and muscular fitness, flexibility, and optimal body composition of each member in the unit.

"You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post
