Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

The globe's first true world war comes vividly to life in this "rich, cautionary tale" (The New York Times Book Review) The French and Indian War -the North American phase of a far larger conflagration, the Seven Years' War-remains one of the most important, and yet misunderstood, episodes in American history. Fred Anderson takes readers on a remarkable journey through the vast conflict that, between 1755 and 1763, destroyed the French Empire in North America, overturned the balance of power on two continents, undermined the ability of Indian nations to determine their destinies, and lit the "long fuse" of the American Revolution. Beautifully illustrated and recounted by an expert storyteller, The War That Made America is required reading for anyone interested in the ways in which war has shaped the history of America and its peoples.

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.
