Tells the story of two correspondents for the New York Tribune who escaped the Confederacy's most notorious prison after being captured at the Battle of Vicksburg and relied on secret signals and covert sympathizers to travel back to Union territory.

The book is divided into 11 sections, covering evidence-informed techniques in massage, trigger points, neural muscle energy, manipulations, dry needling, myofascial release, therapeutic exercise and psychological approaches. In the general introduction, several authors review the epidemiology of upper and lower extremity pain syndromes and the process of taking a comprehensive history in patients affected by pain. In chapter 5, the basic principles of the physical examination are covered, while chapter 6 places the field of manual therapy within the context of contemporary pain neurosciences and therapeutic neuroscience education. For the remaining sections, the book alternates the upper and lower quadrants. Sections 2 and 3 provide updates on mechanical neck pain, whiplash, thoracic outlet syndrome,

myelopathy, radiculopathy, peri-partum pelvic pain, joint mobilizations and manipulations and therapeutic exercises, among others. Sections 4 to 9 review aspects of the shoulder, hip, elbow, knee, the wrist and hand, and finally the ankle and foot. The last two sections of the book are devoted to muscle referred pain and neurodynamics.

Essential tools busy managers need to get the best out of their teams and people People who manage people face a number of challenges, from keeping workers engaged and performing at a high level to dealing with absenteeism and bad behaviour in the workplace. In *The People Manager's Toolkit*, leadership and people management specialist Karen Gately offers a suite of practical tools for optimising staff performance and dealing with a wide variety of "people issues." Avoiding all human resources jargon and complicated management theory, this straightforward how-to guide shows you practical everyday solutions to common problems. You'll learn to effectively leverage the tools to improve business results, whether your issue is getting people to do more than just the bare minimum, deciding on appropriate financial incentives, or any other issue that involves people and those who lead them. Written by the highly regarded founder of Ryan Gately, the specialist consulting practice on human capital management based in Melbourne, Australia Features practical, effective advice for dealing with and solving almost any people problem at work Includes real-world case studies that showcase the book's tools and tips in action Whether you just need a little help keeping your people motivated or you've got so many problems that you don't even know where to start, *The People Manager's Toolkit* gives you the strategies and solutions you need to solve virtually any issue.
