Liebherr has updated its existing four-axle crane and will present the new MK 88-4.1 at Bauma 2019. The additional number at the end of the product name reflects the 4 axles and that it is the first version of this crane type. Featuring proven MK technology, this mobile construction crane is even more powerful and flexible than its predecessor. This is especially evident in a luffed jib position.

Our Liebherr fridge freezers will bring a dash of Swiss elegance to your home. Integrated designs are easily slotted into a counter or placed behind a unit door, while freestanding models can act as the focal point of the kitchen. Choose from styles with soft-closing doors, touchscreen controls and the SuperFrost function, which means the freezer can quickly reach lows of -35 °C.

The new VarioJib concept has two modes for operating the Liebherr MK 140 mobile construction crane – standard trolley mode and luffing mode. In Frankfurt, the MK 140's jib was set at an angle of 45 ° and used in trolley mode – in this configuration the lifting capacity at the jib head with a maximum radius of 58.5 m is 1.9 tonnes. A radius of 40 m was required to hoist the roofing material ...

What would you do if you knew you had to move - except you didn't want to? In this charming story by Katherine Gotthardt, illustrated by Patrick King, a child whose parents are planning to get new jobs and move meets an unexpected hero - a unique crane named Steve. Read how these two become fast friends and how Steve handles new jobs and relocating. And be sure to read the backstory on how "Steve" came to be. Adults and children alike are sure to fall in love with A Crane Named Steve! Proceeds from this book are donated to charities in the greater Prince William VA area.

Construction Equipment Management for Engineers, Estimators, and Construction Managers, Second Edition has been extensively rewritten to not only bring it up to date with the state of current practice, but also to serve as a textbook for university courses in construction engineering and management. The authors advanced the previous edition ' s practical, hands-on approach and added material on the future of construction equipment fleet management, which they believe will require a new technology-based skillset to maximize the cost-effectiveness of construction equipment operations. As such, the book covers the latest construction equipment technologies. Features: Examines emergent technologies in the field, including automated machine guidance systems, intelligent compaction operations, and equipment-related civil integrated management tools. Provides information on how to reduce an equipment fleet ' s environmental impact, decreasing greenhouse gas emissions through enhanced equipment management and optimization practices. Discusses estimating equipment ownership, operating costs, economic life and optimal replacement timing. Demonstrates how to maximize profit by determining the optimum equipment mix and estimating productivity. Illustrates the use of production-based linear scheduling and stochastic simulations to maximize project cost and schedule certainty. This new edition will serve as an essential textbook for students as well as a valuable reference for a wide range of professionals within the construction, architecture, and engineering industries.

Soon to be a show on Hulu! In Low Chicago, a gang of criminals scattered throughout the past threaten the stability of the world in George R. R. Martin's latest Wild Cards adventure. The stakes were already high enough at Giovanni Galante ' s poker table that night in Chicago. Poker. Dealer ' s choice. Seven players. A million-dollar cash buy-in. But after a superpowered mishap, the most high-profile criminals in the city are scattered throughout the past and their schemes across time threaten the stability of the world. Perfect for current fans and new readers alike, Low Chicago is an all-new time travel adventure that highlights the criminal underworld of 1920s Chicago, featuring a fresh cast of characters from the Wild Cards universe. Co-edited by #1 New York Times bestselling author George R. R. Martin and Melinda M. Snodgrass (screenwriter, Star Trek), Low Chicago features the writing talents of Saladin Ahmed (author of the bestselling comic Black Bolt), Paul Cornell (screenwriter, Doctor Who), Marko Kloos (author of the bestselling Frontlines series), John Jos. Miller, Mary Anne Mohanraj (Bodies in Motion, The Stars Change), Hugo, Nebula, World Fantasy and Theodore Sturgeon Award finalist Christopher Rowe, Kevin Andrew Murphy, and Melinda M. Snodgrass. " Martin has assembled an impressive array of writers. . . . Progressing through the decades, Wild Cards keeps its momentum. "—Locus Now in development for TV: Rights to develop Wild Cards have been acquired by Universal Cable Productions, the team behind The Magicians and Mr. Robot, with the co-editor of Wild Cards, Melinda Snodgrass, as executive producer.
