"Spellbound" brings something new to the discussion. It is the first truly balanced research-based analysis on the games and gamers, addressing both the positive and negative aspects of habitual playing by drawing on significant recent studies and established motivational theory. Filled with examples from popular games and the real experiences of gamers themselves, "Glued to Games" gets to the heart of gaming's powerful psychological and emotional allure--the benefits as well as the dangers. It gives everyone from researchers to parents to gamers themselves

Jesse Rigsby hates video games—and for good reason. You see, a video game character is trying to kill him. After getting sucked in the new game Full Blast with his friend Eric, Jesse starts to see the appeal of vaporizing man-size praying mantis while cruising around by jet pack. But pretty soon, a mysterious figure begins following Eric and Jesse, and they discover they can't leave the game.

worried about the wrong things! In 2004, Lawrence Kutner, PhD, and Cheryl K. Olson, ScD, cofounders and directors of the Harvard Medical School Center for Mental Health and Media, began a \$1.5 million federally funded study on the effects of video games. In contrast to previous research, their study focused on real children and families in real situations. What they found surprised, encouraged and sometimes disturbed them: their findings conform to the views of neither the alarmists nor the video game industry boosters. In Grand Theft Childhood: The

concerned about the way they portray the violence. It's not accidental; it's intentional. They're just out to kill people in some of these games." What should we as parents, teachers and public policy makers be concerned about? The real risks are subtle and aren't just about gore or sex. Video games don't affect all children in the same way; some children are at significantly greater risk. (You may be surprised to learn which ones!) Grand Theft Childhood gives parents practical, research-based advice on ways to limit many of those risks. It also shows how video
