Governing the Heroin Trade | Taylor & Francis Group

Twenty-five years later the 2007 World Drug Report produced by the United Nations Office on Drugs and Crime which is responsible for coordinating programs regulating illicit drugs describes how "unsurprisingly, the main problem drugs at the global level continue to be the opiates (notably heroin)" (2007: 9). Heroin is a derivative of opium, and it is well known that opiates have the capacity to produce dependence in users of the drug, and as a result the problem of heroin is commonly ...

Preserving the Nation State | Governing the Heroin Trade ...

Heroin is increasingly trafficked from Afghanistan to Europe and America through eastern and southern African countries. This path is known as the "southern route" or "smack track." Repercussions of this trade include burgeoning heroin use and political corruption among intermediary African nations.
