His central argument is that no, having God helps, but of course as we're all made in God's image we don't need him and that we can be moral without him - but having him helps make us better. 20. Is a brief assessment on how much the modern world has been influenced by Jesus, and argues that he is far more important than many of us imagine him to be; to our history, culture and ideals.

~~Is God a Moral Monster?: Making Sense Of The Old Testament ...~~

According to this accusation, God is a "moral monster" since He "created" evil—or because He neglects to do anything about evil. Both claims are contrary to reason and evidence, as well as the biblical understanding of God's nature. In the simplest terms, evil is anything that contradicts the will of God.

~~Is God a moral monster? | GotQuestions.org~~

Paul Copan's *Is God a Moral Monster?* attempts a bold apologetic of the Judeo-Christian God's moral status in light of the recent attack on the biblical Old Testament by the so-called new atheists. These vocal atheists (Christopher Hitchens, Richard Dawkins, and Sam Harris), both in writing and public debate, interpret the biblical God as a promotor of immoral acts, such as genocide, slavery, murder, rape, and so on.

~~A Critical Review of Is God a Moral Monster?~~

God is love, and God loves every person and every creature. That's exactly why God is wrathful against some of them. My last resistance to the idea of God's wrath was a casualty of the war in the former Yugoslavia, the region from which I come. According to some estimates, 200,000 people were killed and over 3,000,000 were displaced.

~~Is God a Moral Monster? - Bible Gateway Blog~~

Is God a moral monster? Binding of Isaac, by Caravaggio (Uffizi) The Old Testament raises some tricky questions of morality for people living in the contemporary world, at least in the west. The alleged 'genocide' of the Canaanites is one that I hear frequently.

~~Is God a moral monster? - Tony Watkins~~

Are the charges made by the New Atheists a distorted representation of Old Testament ethics or is God a moral monster, as the New Atheists says He is? Introduction. The God of the Bible is a good God who demonstrates His love for people by giving His Son for the salvation of those who believe (John 3:16). The New Atheists, however, think differently.

~~Is God a Moral Monster? - Evidence and Answers~~

Episode 277/278 - Is God a Moral Monster? Page 3 that we acknowledge God to be God because anything else would be flying in the face of reality. This also means that in acknowledging who God is and being rightfully related to Him, we [re actually functioning as we were designed to function.

~~IS GOD A MORAL MONSTER? - Evidence & Answers~~

This is morally repugnant and a sure sign that the God of the Old Testament was indeed a "moral monster," right? Not so fast. First, Copan notes that the Old Testament "servant" (ebed) should not be equated with "slave" as we understand the term (vis-à-vis Amercian slavery).

Paul Copan's *Is God a Moral Monster?* is a welcome entry to the literature with twenty short, engaging and informative chapters that provide a first-rate apologetic treatment of a broad range of issues from curious biblical dietary laws to the Israelite relationship to slavery and genocide.

~~"Is God a Moral Monster?" A Review (Part 1) - Randal Rauser~~

Paul Copan responds to the New Atheist stance that the God of the Old Testament is a "moral monster." I agreed with only about half of Copan's conclusions, but his book was well-written, informative, and fun to read. Copan begins by attempting to make sense of the story of Abraham sacrificing Isaac.

~~Is God a Moral Monster?: Making Sense of the Old Testament ...~~

One of the arguments against the God of the Bible is the kind of God we find in the Bible—specifically, a God who can appear to be a moral monster. Case in point? Let's take the divinely directed slaughter of the Canaanites. It is what some have called the most difficult and bloody part of the Bible

~~Is God a Moral Monster? The Slaughter of the Canaanites ...~~

Jesus summarized the ten commandments by saying, "love God with all your heart, all your soul, and all your might, and love your neighbor as ... Some

will even say God is a moral monster because he allowed entire populations to be killed. Author: Rick Delmonico. Publisher: Lulu.com. ISBN: 9781458389251. Category: Page: View: 835. Download »

Is God a Moral Monster? by Paul Copan, 9780801072758, available at Book Depository with free delivery worldwide.

A recent string of popular-level books written by the New Atheists have leveled the accusation that the God of the Old Testament is nothing but a bully, a murderer, and a cosmic child abuser. This viewpoint is even making inroads into the church. How are Christians to respond to such accusations? And how are we to reconcile the seemingly disconnected natures of God portrayed in the two testaments? In this timely and readable book, apologist Paul Copan takes on some of the most vexing accusations of our time, including: God is arrogant and jealous God punishes people too harshly God is guilty of ethnic cleansing God oppresses women God endorses slavery Christianity causes violence and more Copan not only answers God's critics, he also shows how to read both the Old and New Testaments faithfully, seeing an unchanging, righteous, and loving God in both.

A common objection to belief in the God of the Bible is that a good, kind, and loving deity would never command the wholesale slaughter of nations. Even Christians have a hard time stomaching such a thought, and many avoid reading those difficult Old Testament passages that make us squeamish. Instead, we quickly jump to the enemy-loving, forgiving Jesus of the New Testament. And yet, the question doesn't go away. Did God really command genocide? Is the command to "utterly destroy" morally unjustifiable? Is it literal? Are the issues more complex and nuanced than we realize? In the tradition of his popular *Is God a Moral Monster?*, Paul Copan teams up with Matthew Flannagan to tackle some of the most confusing and uncomfortable passages of Scripture. Together they help the Christian and nonbeliever alike understand the biblical, theological, philosophical, and ethical implications of Old Testament warfare passages. Pastors, youth pastors, campus ministers, apologetics readers, and laypeople will find that this book both enlightens and equips them for serious discussion of troubling spiritual questions.

God has a bad reputation. Many think of God as wrathful and angry, smiting people for no apparent reason. But the story is more complicated than that. Without minimizing the sometimes harsh realities of the biblical record, David Lamb unpacks the complexity of the Old Testament and assembles an overall picture that gives coherence to our understanding of God in both Old and New Testaments.

Addresses the biblical, philosophical, and scientific bases for the doctrine of creation out of nothing, while countering contemporary trends that are assailing this doctrine.

The challenge of a seemingly genocidal God who commands ruthless warfare has bewildered Bible readers for generations. The theme of divine war is not limited to the Old Testament historical books, however. It is also prevalent in the prophets and wisdom literature as well. Still it doesn't stop. The New Testament book of Revelation, too, is full of such imagery. Our questions multiply. Why does God apparently tell Joshua to wipe out whole cities, tribes or nations? Is this yet another example of dogmatic religious conviction breeding violence? Did these texts help inspire or justify the Crusades? What impact do they have on Christian morality and just war theories today? How does divine warfare fit with Christ's call to "turn the other cheek"? Why does Paul employ warfare imagery in his letters? Do these texts warrant questioning the overall trustworthiness of the Bible? These controversial yet theologically vital issues call for thorough interpretation, especially given a long history of misinterpretation and misappropriation of these texts. This book does more, however. A range of expert contributors engage in a multidisciplinary approach that considers the issue from a variety of perspectives: biblical, ethical, philosophical and theological. While the writers recognize that such a difficult and delicate topic cannot be resolved in a simplistic manner, the different threads of this book weave together a satisfying tapestry. Ultimately we find in the overarching biblical narrative a picture of divine redemption that shows the place of divine war in the salvific movement of God.

If you think atheists have reason, evidence, and science on their side, think again! Award-winning author Dr. Frank Turek (*I Don't Have Enough Faith to be an Atheist*) will show you how atheists steal reason, evidence, science, and other arguments from God in trying to make their case for atheism. If that sounds contradictory, it's because it is! Atheists can't make their case without appealing to realities only theism can explain. In an engaging and memorable way, *Stealing from God* exposes these intellectual crimes atheists are committing and then provides four powerful reasons for why Christianity is true.

In our relativistic society, Christians more than ever are bombarded by tough questions about their faith. Author Paul Copan has observed that many of these questions emerge as "anti-truth claims" that are part of today's skeptical mind-set. Christians defending their faith often hear slogans and questions such as: "It's all relative" "Everything is one with the Divine; all else is illusion" "The Gospels contradict each other" "Why would a good God create hell?" This book provides incisive answers to slogans related to truth and reality; theism, pantheism/Eastern religion, and naturalism; and doctrinal issues such as the incarnation and truth of Scripture. Each of the twenty-two chapters provides succinct answers and summary points for countering the arguments. Copan's book is accessible for all Christians who want to defend the plausibility of Christianity in the marketplace of ideas. It also includes helpful summary sections, additional resources, and additional documentation in the endnotes for review and discussion.

Nothing confuses Christian ethics quite like the Old Testament. Some faithful readers struggle through its pages and conclude that they must obey its moral laws but may disregard its ceremonial and civil laws. Others abandon its teaching altogether in favor of a strictly New Testament ethic. Neither option, argues Chris Wright, gives the Old Testament its due. In this innovative approach to Old Testament ethics--fully revised, updated and expanded since its first appearance in 1983 as *Living as the People of God (An Eye for an Eye in North America)* and including material from *Walking in the Ways of the Lord*--Wright examines a theological, social and economic framework for Old Testament ethics. Then he explores a variety of themes in relation to contemporary issues: economics, the land and the poor; politics and a world of nations; law and justice; society and culture; and the way of the individual. This fresh, illuminating study provides a clear basis for a biblical ethic that is faithful to the God of both Testaments.

Christopher Hitchens, described in the *London Observer* as “one of the most prolific, as well as brilliant, journalists of our time” takes on his biggest subject yet--the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell’s *Why I Am Not a Christian* and Sam Harris’s recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope’s awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.
