developing airport passenger terminals and to assist users in analyzing common issues related to airport terminal planning and design. Volume 1 of ACRP Report 25 explores the passenger terminal planning process and provides, in a single reference document, the important criteria and requirements needed to help address emerging trends and develop potential solutions for airport passenger terminals. Volume 1 addresses the airside, terminal building, and landside components of the terminal complex. Volume 2 of ACRP Report 25 consists of a CD-ROM containing 11 spreadsheet models, which include practical learning exercises and several airport-specific sample data sets to assist users in determining appropriate model inputs for their situations, and a user's guide to assist the user in the correct use of each model. The models on the CD-ROM include such aspects of terminal planning as design hour determination, gate demand, check-in and passenger and baggage screening, which require complex analyses to support planning decisions. The CD-ROM is also available for download from TRB's website as an ISO image.

Bodybuilders and other serious athletes commonly take natural performance-enhancing nutrients. Used correctly, these nutrients help build muscle and strength. This guide describes the best of these nutritional supplements and tells you how to use them safely and effectively.

Women have their own distinctive biological and health issues, which include menstruation, pregnancy, menopause, and breast cancer. This book explains how vitamins, minerals, and herbs can help women feel better and stay healthier.

The User's Guide to Nutritional Supplements focuses on the most popular nutritional supplements, those that consistently attract the most attention - and are the ones most likely to benefit the majority of people. In describing the most popular nutritional supplements, this book explains: \* Vitamin E can reduce the risk of heart disease - and the best types to take. \* Selenium can slash the chances of developing some types of cancer. \* Ginkgo can improve memory and recall. \* Chromium can help promote weight loss and lower the risk of diabetes. \* Glucosamine and chondroitin can prevent osteoarthritis. \* Calcium and magnesium work together to build strong bones. \* Coenzyme Q10 can boost your energy levels and strengthen your heart. \* Ginseng and other supplements boost your exercise stamina.
