The 180 Days of Problem Solving for Grade 4 offers daily problem-solving practice geared towards developing the critical thinking skills needed to approach complex problems. This teacher-friendly resource provides thematic units that connect to a standards-based skill that fourth grade students are expected to know to advance to the next level. Lesson plans offer guidance and support for every day of the week, outlining strategies and activities that dig deeper than routine word problems. Each week students will use visual representations and analyze different types of word problems (including non-routine, multi-step, higher thinking problems). This comprehensive resource builds critical thinking skills and connects to national and state standards.

The 180 Days of Problem Solving for Grade 4 offers daily problem-solving practice geared towards developing the critical thinking skills needed to approach complex problems. This teacher-friendly resource provides thematic units that connect to a standards-based skill that fourth grade students are expected to know to advance to the next level. Lesson plans offer guidance and support for every day of the week, outlining strategies and activities that dig deeper than routine word problems. Each week students will use visual representations and analyze different types of word problems (including non-routine, multi-step, higher thinking problems). This comprehensive resource builds critical thinking skills and connects to national and state standards.

Problem Solving 4 Today: Daily Skill Practice for fourth grade contains reproducible activities designed to help students learn critical math word problem-solving skills with strategies such as interpreting remainders, restating the question, drawing a visual model, and more. The 4 Today series offers comprehensive, quick, and easy-to-use math workbooks. The reproducible activities review essential skills during a four-day period. On the fifth day, an assessment with related skills is provided. Each week begins with a Fluency Blast section to provide students with repeated, daily practice for essential skills. The format and style of the 4 Today books provide excellent practice for standardized tests. The series also includes a progress-tracking reproducible, a standards alignment chart, tips for fostering a school-to-home connection, and an answer key.

Fun, fresh, and focused learning. Help develop strong math skills. Maximize your child's ability to solve math problems. Packed with real-life math problems that will help children ages 7-9 think, explore, test and verify, and a 10-minute timer to keep work time short, sweet, and engaging, 10 Minutes a Day: Problem Solving: 3rd Grade will help your child toward the top of the math class. Key problem solving concepts including measurements, decimals, fractions, money and time are covered and presented in a fun format to keep students engaged, while parents notes explain the common pitfalls, giving guidance on how to avoid them. 10 Minutes a Day is a series of home-learning workbooks, closely linked to school curricula, that helps make learning

easy...and so much fun. It provides quick exercises in math (fractions, decimals, and problem solving) and language and writing skills (spelling, vocabulary, and phonics) for children aged 3-11 years. Using the attached 10-minute timer, these workbooks are ideal for children during "time-to-fill" moments at home and are based on the effective little-and-often learning strategy.

Problem solving skills will be reinforced with the simple instructions and engaging activities.

Simple Steps for Fourth Grade helps your child master math and language arts skills such as addition, subtraction, numbers, multiplication, division, fractions, decimals, measurement, geometry, place value, grammar, punctuation, capitalization, usage, and sentence structure. A standards-based resource that simplifies key concepts for easy understanding, Simple Steps for Fourth Grade provides learners with easy-to-follow units, clear explanations, skill-reinforcing activities, and an answer key to check accuracy. By preparing students for today ' s rigorous academic standards, this comprehensive resource is ideal for supporting classroom learning and enhancing home school curriculum. A unique workbook series that offers step-by-step guidance, Simple Steps breaks down essential concepts so that learners can develop a deep understanding of both math and ELA skills for improved academic performance. With Simple Steps for Fourth Grade, your child is one step closer to complete school success!

Take your students on a year-round problem-solving adventure with thematic units that hone in on the key skills needed to meet today's standards. With the changes in mathematics, teachers need a tool to help them implement lessons that provide a deeper understanding of math concepts. The 180 Days of Problem Solving e-Book gives teachers daily opportunities to go beyond routine word problems to strengthen reasoning skills with practice that shows how these skills apply in real-life situations. This incredible resource provides thematic weekly units that connect to standards-aligned skill. Each concept is introduced in a fun and interesting way, engaging students as they build their ability to tackle problems different ways as well as applying these skills to non-routine problems. These easy-to-implement lessons strengthen critical thinking and reasoning skills so that students can feel confident as they approach multi-step, higher-level problems. Aligned with national standards, 180 Days of Problem Solving prepares students for college and career readiness.

GO Math! combines fresh teaching approaches with never before seen components that offer everything needed to address the rigors of new standards and assessments. The new Standards Practice Book, packaged with the Student Edition, helps students achieve fluency, speed, and confidence with grade-level concepts. GO Math! is the first K-6 math program written to align with the Common Core. With GO Math! you will hit the ground running and have everything you need to teach the Common Core State Standards. GO Math! combines fresh teaching approaches with everything needed to address the rigors of the Common Core Standards. Using a unique write-in student text at every grade, students represent, solve, and explain -- all in one place. - Publisher.
