THE authoritative guide for clinical laboratory immunology For over 40 years the Manual of Molecular and Clinical Laboratory Immunology has served as the premier guide for the clinical immunology laboratory. From basic serology testing to the present wide range of molecular analyses, the Manual has reflected the exponential growth in the field of immunology over the past decades. This eighth edition reflects the latest advances and developments in the diagnosis and treatment of patients with infectious and immune-mediated disorders. The Manual features detailed descriptions of general and specific methodologies, placing special focus on the interpretation of laboratory findings, and covers the immunology of infectious diseases, including specific pathogens, as well as the full range of autoimmune and immunodeficiency diseases, cancer, and transplantation. Written to guide the laboratory director, the Manual will also appeal to other laboratory scientists, especially those working in clinical immunology laboratories, and pathologists. It is also a useful reference for physicians, mid-level providers, medical students, and allied health students with an interest in the role that immunology plays in the clinical laboratory.

<p>A collection of lively, user-friendly travel guides provides accurate, up-to-date information and expert, opinionated advice on a wide range of travel destinations, landmarks, accommodations, and eateries, furnishing convenient full-color maps, quick-reference pointers, worksheets and checklists, and icons indicating child-friendly facts, travel tips and warnings, special bargains, and more.</p>
<p>El objetivo básico de esta obra es acercar el conocimiento, de forma fácil y comprensible, a las personas que quieran ahondar en el saber del marketing, y, que las ideas expresadas en este manual inciten a los lectores a realizar múltiples anotaciones en los márgenes o en cualquier zona en blanco, donde apuntar las nuevas ideas que vayan surgiendo acerca de su propia situación profesional. Es por tanto, una obra que busca capacitar a las personas interesadas en el marketing, en el entendimiento y la ejecución de las técnicas para que su negocio, su ONG, su institución, o su sueño, sea más eficaz y eficiente en el tiempo; buscando las relaciones positivas y armónicas a largo plazo con su entorno y, muy especialmente, con las personas y entidades a las que sirve y de las que se sirve. Este libro aborda la teoría como base sustentadora del conocimiento y simiente de la creación del lector, al mismo tiempo ilustra dicha teoría con casos relacionados para lograr una comprensión concreta de la práctica de esas competencias, interactuando con cuestiones de discusión que inciten al lector a realizarse planteamientos sobre las exposiciones. Como parte del todo de cada capítulo se han incluido también preguntas tipo test, con la intención de revivir las nociones adquiridas de forma sintética. Una obra, en definitiva, «para todos los públicos», que pretende acercar el marketing a cualquier persona que crea que aplicando estas técnicas puede tener una vida profesional (y por arrastre: personal) más satisfactoria para sí y para los demás. Los autores: han elaborado esta obra un conjunto de profesores universitarios que abarca casi toda la geografía española, coordinado por Ma Dolores García Sánchez, profesora de la Universidad de Málaga y doctora en Ciencias de la Información. Índice: Introducción al marketing.- Análisis del entorno en marketing.- El sistema de información en la gestión de marketing.- Técnicas de investigación de mercados.- Tratamiento y análisis de la información.- La segmentación del mercado.- El comportamiento del consumidor.- El producto en la estrategia de marketing.- El precio.- La distribución.- Comunicación en marketing.- Comunicación en el punto de venta.- La publicidad.- La imagen de la empresa.- Dirección y técnicas de ventas.- El plan de marketing.- Marketing estratégico.</p>
