Every journey has an end. Unable to find the answers she sought in Skyfell, Thalia, Joss, and Kael travel to Haven with a prisoner in tow. An attack on the road waylays their plans, and Thalia finds herself traveling alone with Kael to the hidden sanctuary of the SwordBrothers. But war is on the horizon and the Raven is amassing his army. This time, the target is not Calandry, but the Sirens of Sinnedor. When family ties are revealed, Thalia must choose sides. Desperate to break the final seal on her power and save those she loves, will Thalia willingly taste the bitter pain of the iron butterfly machine one final time?

Thalia knows three things; Her first name. That she barely escaped the clutches of the Septori with the help of a mysterious stranger. And that her run in with the Septori's iron butterfly machine did something to her. It changed her into something neither fully human nor Denai.

Fearing her inner darkness and seeking answers to her past, Thalia finds refuge as a servant at the Citadel in Calandry, a school for the gifted Denai. When strange powers awaken within her she is forced to pretend to be one of them and goes from being a servant to student overnight. Her life becomes even more complicated when the handsome stranger who saved her from the Septori becomes her new fighting instructor. Thalia knows that the Septori are still looking for her, and they will stop at nothing to get her back. Dead or alive

After finally settling into her new life at the Citadel, Thalia is reunited with her father, who is disturbed at the changes within her. Risking banishment, Thalia must work to prove to her clan and herself that she is still capable of leading them. The problem is, her memories haven't returned, and she cannot shake the feeling that she doesn't belong. Thalia discovers that betrayal runs deep within her clan, just as she sets out to join Joss and Kael in doing the one thing she fears most: track the Septori to save Joss' kidnapped sister. Along the way, she must confront her own fears on a journey of self-discovery that will take her deep into the stronghold of Denai; as they travel to the ancient floating city of Skyfell.

Mina Grime is unlucky, unpopular and uncoordinated, that is until she saves her crush's life on a field trip, changing her High School status from loser to hero overnight. But with her new found fame brings misfortune in the form of an old family curse come to light. For Mina is descended from the Brothers Grimm and has inherited all of their unfinished fairy tale business. Which includes trying to outwit a powerful Story from making her its next fairytale victim. To break the fairy tale curse on her family and make these deadly occurrences stop, Mina must finish the tales until the very Grimm end.

Captured by an evil sorcerer, I'm forced to become his apprentice and learn forbidden magic. Teetering on the edge between good and evil, I trade my soul for power. Allemar wants to control me, but little does he know the shifter he's caged-- is not easily tamed. My training draws me closer to Aspen, the forsaken prince, wanted for treason against the crown. My sisters have always feared him, but I can see the man beneath the cloak of hate. For I am Maeve, one of the adoptive daughters of Lady Eville. I hunt the truth, seeking the one who murders my shifter friends. But what will I do when all evidence points to Aspen and the dark magic he wields? Unleash the beast within.

Born under a hunter's moon, abandoned as a child, I was raised to be a powerful sorceress--okay, a mediocre sorceress. All right, I'm good at glamour and can make things sparkle, if my spells don't backfire. It was foretold long ago that I was a child of prophecy that would unite the fae and humans of Candor. The only problem, no one told me, and now the king wants me dead. For I am Eden, one of the adoptive daughters of Lady Eville, and I have to attend the royal masquerade ball--not to win a prince, but to avenge my parents. Even if it means pretending to be a fairy godmother and wreaking a little havoc.

Long ago, before humans forgot them for all eternity, monsters and immortals retreated below ground to seek shelter. But what do the Greek Gods do when they're bored? They bring back the Olympic games--only a lethal version. The newest contender in these bigger, deadlier games is a young human girl they kidnapped from the streets above. For Kira Lier, it's kill or be killed as she races against beasts she thought were just myths, to cross the finish line and win a chance to earn her freedom.

Going to the Fae plane against Jared's orders has cost Mina dearly. Her decision haunts her as a new danger surfaces back on the human plane. The Grimms are fading from existence. To save her family's future, Mina Grime will have to travel to the past with the help of her Fae Godmother and a pair of magic shoes. She must go to the Story's very beginning, to the days before the dark prince's reign. But can she finish her quest before her time runs out, or will she be trapped in the past forever?

All that glitters is not gold. When something precious is stolen from sixteen-year-old Mina Grime, she will do anything in her power to get it back, even if it means traveling to the dangerous Fae plane and battling one of the strongest fairy-tale villains yet. However, nothing can prepare Mina for the dangerous obstacles she will face in the Fae world, or the choices she must make when love and life are on the line.
