This comprehensive manual covers the complete Toyota Prado range of vehicles. Detailed engine chapters covering all petrol/gasoline and diesel engines. It also covers the Hilux, 4 Runner and Surf mechanicals. Detailed comprehensive chapters cover the complete range of transmissions. The manual also covers all other aspects of the vehicle from changing a light globe through to complete vehicle pull down. Comprehensive chapters covering diagnostics and troubleshooting and also includes complete electrical wiring diagrams for the entire vehicle. This comprehensive manual consists of over 500 pages of step by step instructions which will suite the DIY handyman through to the professional mechanic.

Includes restoration, specifications, electrical diagrams, tune-up, mechanical, bodywork, electronic diagnosis, maintenance and repairs for Hilux, 4 Runner & Surf models with 90, 120 and 125 series, 5VZ-FE, 1GR-FE, 3RZ-FE, and 1KZ-TE engines.

This manual provides information on routine maintenance and servicing, with tasks described and photographed in a step-by-step sequence so that even a novice can do the work.

Step by step instructions for a pull down and rebuild. Includes specifications, torque settings, problem diagnosis, shift speeds and more.

Diesel engine is acknowledged for its superior efficiency and possesses a wide field of applications. It is also known as CI engine. Diesel engines also however, are the prime source of emissions such as NOX and particulate matter (PM). In order to reduce the emissions to an absolute minimum, this book explain as to how these toxins can be regulated. It is no hidden secret that the world is witnessing an oil crisis. But with other alternative sources such as biogas, natural gas and coke based substances; diesel is not the only way forward. The unique characteristics and properties such as combustion and emission of the aforementioned alternatives are explained extensively in this book. The book also goes on to explain how one can look for early signs of wear and tear and malfunctioning components of a diesel engine and its parts.

Forbidden Fruit is a collection of fascinating, largely untold stories of ordinary men and women who took extraor dinary measures, risking life and limb to be together. It's the story of couples who faced mobs, bloodhounds, bounty hunters, and bullets to defy the system that allowed slave masters to breed and

sell people like cattle. Some broke the taboo against interracial marriage, putting their lives in the most severe peril. In one remarkable story, a Georgia couple who fled slavery wearing multiple disguises sailed for England with bounty hunters and federal troops on their trail. A fugitive slave from Virginia spent seventeen arduous years searching for his wife. A Missouri slave fell in love with his white Mormon neighbor and escaped to Canada to be with her, putting pepper in his shoes to throw dogs off the scent at night and hiding in trees by day. Betty DeRamus gleaned these amazing stories from descendants of runaway slave couples, unpublished memoirs, Civil War records, books, magazines, and dozens of previously untapped sources. Beautifully and compassionately written, this important book reveals a chapter of American history that is shameful but is about triumph as well as torture, achievement as well as degradation, and indomitable love as well as hate.
