Typography - National 5 Art and Design - BBC Bitesize

30 A set of characters, numbers, and symbols with the same unique design is called as Typeface 31 ' is the space between letters and varies per character to create a comfortable looking typography Kerning 32 ' has a wider stroke than a regular style.

Typography • The Job Consultancy

Typography is the art and technique of arranging type to make written language legible, readable, and appealing when displayed. The arrangement of type involves selecting typefaces, point sizes, line lengths, line-spacing (), and letter-spacing (tracking), and adjusting the space between pairs of letters (kerning).The term typography is also applied to the style, arrangement, and appearance of ...

Typography - Wikipedia

In essence, typography is the art of arranging letters and text in a way that makes the copy legible, clear, and visually appealing to the reader. Typography involves font style, appearance, and structure, which aims to elicit certain emotions and convey specific messages. In short, typography is what brings the text to life.

What Is Typography, And Why Is It Important? (2020 Guide)

Kinetic typography is a text that is usually composed of animated text motions, statistics, and graphs to point out some ideas. This is commonly used by different organizations to share knowledge in a more digestible format. Others use kinetic typography for their business presentations, school projects, and much more.

The kinetic typography in this video was created by animator/director Gary Motion. Based on TV show Rick and Morty, it's a total contrast to the above example. It again adds visuals to a classic comedy TV moment, but is flashy and fast-moving. It's a super slick piece that has some great detail like the diagonally-sliding text, and the varied use of style and colour. 03. The Light in the Dark ...
